Advanced searching

It's also possible to build up a search strategy using the criteria on the main search page by selecting each criterion and inputting your search terms.

This search will be built up in the pane below, and can be refined using Boolean operators.

Searching by geographic location

Hover the cursor over LOCATION on the main search page and select from the options that appear on the right. You can either use the search box to type in the location of interest, or, in the World region/country/region in country and NUTS classifications, tick the relevant box(es). Finally, click on OK and the search will be added to the Search Strategy box on the main search screen.

Searching by activity/industry

To browse industry sectors, go to the main search screen and hover the cursor over INDUSTRY, then select INDUSTRY CLASSIFICATIONS.

Tick the relevant industry(ies) and then click OK – your selection will then appear in the Search Strategy box on the main search screen.

Enter word(s) and/or code(s) separated by a space or a comma and click on "Search"

Activate the check-box(es) corresponding to the industry(ies) you wish to select:
