Binding: Nineteenth-century half calf with black cloth; bound for the Bodleian Library. *Size:* 214 × 155 × 7 mm. *Size of leaf:* 207 × 148 mm.

Provenance and date of acquisition unknown; not identified in Fysher, *Catalogus*, therefore probably not part of the bequest of Bishop Thomas Barlow, although the shelfmark would normally indicate this; some of the books with adjacent shelfmarks post-date Barlow, so it seems likely that this item, too, was acquired during the eighteenth or nineteenth century.
