

Science and Medicine Dispatch

Bodleian Libraries
UNIVERSITY OF OXFORD

Volume 9 Issue 8

September 2018

Welcome to Science and Medicine Dispatch, the monthly newsletter bringing you items of interest from the Science and Health Care Libraries of Oxford University. Subscribe by sending a blank email to rsl-and-hcl-newsletter-subscribe@maillist.ox.ac.uk, or contact newsletter.rsl@bodleian.ox.ac.uk.

The newsletter can also be read online at

www.bodleian.ox.ac.uk/science/about/science-and-medicine-dispatch.

RSL opening hours

Term-time opening hours start on Saturday 6 October at the RSL. We will be open 8.30am to 10pm on weekdays, 10am to 4pm on Saturdays and 11am to 5pm on Sundays. Full details of the RSL's opening hours can be found at

www.bodleian.ox.ac.uk/science/about/hours.

Open Days

The RSL will be offering guided tours for

prospective undergraduates and their families all day Friday 14 September as part of Oxford Open Day.

For more information on Open Days, please see <https://tinyurl.com/oxopenday>.

Bodleian Health Care Libraries Welcomes New Clinical Medicine Students!

Welcome to the new Fourth Year Clinical Medicine students and Graduate Entry Medicine students joining us 'up the hill' in Headington! Our libraries in all four of the OUH hospitals provide you with a wide range of facilities including:

- 24/7 access to the Cairns Library with your University Card
- Bookable Group Study and Training Rooms at the Cairns Library and Knowledge Centre
- Quiet study spaces away from busy wards and classrooms
- Multiple copies of Clinical Reading Lists textbooks available in print and (in many cases) online – see <http://tinyurl.com/gsstygl> for our online reading lists
- Laptop and iPads that you can borrow
- 1-2-1 help and advice on search skills, managing references and a range of other topics

Keep an eye out later in the term for our emails with details of your NHS OpenAthens username and password - these will let you access the online content that's purchased nationally for NHS staff in England.

Acland's Video Atlas of Human Anatomy

The Acland's Video Atlas of Anatomy (<http://aclandanatomy.com/>) will be available to members of the University from September 2018.

An expert trainer from Wolters Kluwer publishing company will demonstrate this resource on Friday 7th September at 11am-12 in the Radcliffe Science Library Training Room. Please bring your device so that you can try during the session.

ACLAND'S VIDEO ATLAS OF
HUMAN ANATOMY

If you would like to attend, please, register using your Single Sign-On ID at <https://tinyurl.com/acland0918>.

If you have any questions about the event please email karine.barker@bodleian.ox.ac.uk.

Please note: This is a resource of videos showing real human cadavers that some may find upsetting.

New Library Webpages for Medical Sciences

We're excited to announce that our updated MSD library webpages are now available at www.bodleian.ox.ac.uk/medicine.

Following the success of our dedicated pages for NHS staff we're introducing an updated site to better reflect our services to members of the Medical Sciences Division.

The new site includes changes to the navigation and our content, so you'll get easier to use, and more relevant information.

We'd love to get your feedback so we can continue to improve your experience of these pages. Please contact us at hcl-enquiries@bodleian.ox.ac.uk with any comments about the new site.

Oxford Open Doors

The Radcliffe Science Library will be open to the public as part of **Oxford Open Doors** on Saturday 8 September 2018.

Details are at <https://tinyurl.com/rslood18>.

Please note that we will be open to readers as normal 10am to 2pm.

Bodleian iSkills Open Access Oxford: What's happening?

The next of these regular briefing sessions will be held on Tuesday 18 September at the Radcliffe Science Library, 3-4pm – further details and booking information can be found at

<https://libguides.bodleian.ox.ac.uk/workshops/OAO>.

Oxford University signs San Francisco Declaration on Research Assessment (DORA)

In May 2018, the University's Research and Innovation Committee agreed and accepted the San Francisco Declaration on Research Assessment (DORA - <https://sfdora.org/>) as part of a movement towards responsible use of research metrics at Oxford.

DORA is a worldwide initiative covering all scholarly disciplines which recognizes the need to improve the ways in which the outputs of scholarly research are evaluated and seeks to develop and promote best practice. To date it has been signed by over 500 organizations and around 12500 individuals.

Its main themes are the need to eliminate the use of journal-based metrics, such as Journal Impact Factors, in funding, appointment, and promotion considerations; the need to assess research on its own merits rather than on the basis of the journal in which the research is published; and the need to capitalize on the opportunities provided by online publication (such as relaxing unnecessary limits on the number of words, figures, and references in articles, and exploring new indicators of significance and impact).

20,000th deposit for Act on Acceptance at Oxford

Open Access at Oxford reached a new milestone this summer with the deposit of the 20,000th journal article for Act on Acceptance in the University's repository ORA.

The milestone article was co-authored by Dr Tim Schwanen (Director of the Transport Studies Unit, in the School of Geography and Environment), entitled *Pokémon GO and physical activity in Asia: multilevel study*, in the Journal of Medical Internet Research. More details are at

<http://openaccess.ox.ac.uk/2018/09/03/20000th-deposit-for-act-on-acceptance-at-oxford/>.
