## Knowledge Centre Refurbishment COMPLETE

The Knowledge Centre works were completed on time, and the books and print journals have been reinstated on the new shelves. Our new Group Study Room is also available. For more information see <http://tinyurl.com/cbqbn5d>

## Welcome new Clinical Medicine students

We were delighted to welcome new Fourth Year Clinical Medicine students and Graduate Entry Medicine students at their inductions in September. There is a wide range of facilities available to our students, including:

- 24/7 access to the Cairns Library, using their University Card
- Bookable Group Study Rooms, at both the Cairns Library and Knowledge Centre
- Laptop and iPad lending service at both the Cairns Library and Knowledge Centre.

## Cairns Library Refurbishment UPDATE

Due to unexpected issues with our electrical boards, there will be a delay before the works are complete. Our planned completion date was the end of August but now it's more likely to be mid-October. The books remain available within the temporary book room, and we will continue to increase the borrowing limit to 20 items for final year students (expiry date 31 July 2013) on request. The full range of IT facilities and the Group Study Room are also available throughout the refurbishment period.

For further details see [www.bodleian.ox.ac.uk/medicine/refurbishment](http://www.bodleian.ox.ac.uk/medicine/refurbishment)

## Key Resource – Clinical Key

Clinical Key was launched earlier this year and covers every medical and surgical specialty. It includes over 900 textbooks, 500 medical journals and 9000 procedural videos, providing current evidence-based answers, expert commentary and MEDLINE abstracts. Clinical Key is available to all OUH Trust staff, and all University Clinical Medicine students will have access via individual usernames and passwords. Instructions will be emailed to all Clinical Medicine students shortly.
