PADS

KASEMAKE CONSERVATION MOUNTS

PADS uses a 100% cotton fibre in its acid-, lignin- and sulphur-free board which is buffered with calcium carbonate to pH 7.0 and laminated with EVA plasticiser-free adhesive. It passes the silver tarnish test and is suitable for all media including photographs. The board comes in cream and is available in three thicknesses. Such high quality material comes at a premium.

A backing board is included in the price.

PRICES as of August 2020

Category	Dimensions	Price		
		2 ply (1100)	4 ply (1650)	6 ply (2200)
