## Lift project at the RSL - updates

Building work continues at the RSL to construct a goods lift from the car park to the sub-basement level. Regular updates on the project (including expected noise levels) are posted at [www.bodleian.ox.ac.uk/science/building-work](http://www.bodleian.ox.ac.uk/science/building-work). Apologies for any inconvenience these works may cause.

## Moving collections at the RSL

Library staff are in the process of moving printed materials on the upper levels of the RSL. This is part of a reorganisation of our reading room collections. Apologies for the disturbance involved. Work is currently taking place daily until 10am on Level 5. Items being moved will be temporarily unavailable for a short time. If you need an inaccessible volume urgently, please ask staff for assistance.

## Graduating students - reminder about loans and fines

If you are leaving Oxford University this year, please remember to return any outstanding loans you may have with the Bodleian Libraries before you graduate, and clear any outstanding charges. You can pay outstanding fines of £2 or more online with a credit card:

- Bodleian Health Care Libraries: <http://tinyurl.com/BHCLfines>
- Radcliffe Science Library: <http://tinyurl.com/RSLfines>

## Open Days

The RSL will be offering guided tours for prospective undergraduates and their families all day 28 and 29 June as part of Oxford Open Days. For more information on Open Days, please see

<https://www.ox.ac.uk/admissions/undergraduate/visiting-and-outreach/open-days>.

## Pilot of Weekend Staffing at the Cairns Library

In response to Reader feedback we are piloting a staffed service at weekends at the Cairns Library over 2017. The library will be staffed where possible between 1pm and 5pm on Saturdays and Sundays between Saturday 10 June and Sunday 9 July 2017 and then from Saturday 2 September 2017 to Sunday 10 December 2017. Due to the library being staffed by a single staff member at weekends, if the library is not staffed by 1.15pm please assume the library will remain unstaffed for the day.

The Book Collection will only be open when the library is staffed. If you are making a special trip to the Cairns to access the Book Collection at the weekend then please call 01865 221936 on the day to check that a member of staff is on duty.

The rest of the library will be accessible 24/7 with a valid Bodleian Health Care Libraries Card or a University of Oxford Card (Bod card).

For more information please contact: Sue Riley, Desk Services & Circulation Manager

## News for BRC-funded researchers

Publication guidance leaflet for Oxford BRC funded authors now available

All peer-reviewed publications by Oxford BRC-supported or Oxford BRC-affiliated investigators that report clinical/translational work directly or indirectly supported by Oxford BRC need to include clear acknowledgement by including the following standard text:

"This work was supported by / was funded by the NIHR Biomedical Research Centre, Oxford" or "The research was supported by / was funded by the National Institute for Health Research (NIHR) Oxford Biomedical Research Centre" in an Acknowledgements paragraph or within the funding attributions section of the article.

This is a contractual obligation of the award made by the NIHR to support the Oxford BRC partnership and applies to where Oxford BRC contributed to primary support, and also to any instance of infrastructure, support staffing or research governance support from Oxford BRC to a project funded from another source. Authors can also use or append the following phrase after the acknowledgement or funding attribution:

"The views expressed are those of the author(s) and not necessarily those of the NHS, the NIHR or the Department of Health."

Please contact Liz Callow [liz.callow@bodleian.ox.ac.uk](mailto:liz.callow@bodleian.ox.ac.uk) for a guidance leaflet relevant to all authors or if you have any questions.

Help us to help you!

Bodleian Health Care Libraries is working with the Oxford Biomedical Research Centre to identify ways in which the Bodleian can deliver enhanced support to BRC-funded and other health and biomedical researchers.

If you have 15-30 minutes for a phone interview or a meeting to talk about your library and information needs, please call Eli Harriss on (01865) 289383 or email her at [eli.harriss@bodleian.ox.ac.uk](mailto:eli.harriss@bodleian.ox.ac.uk).
