

John Johnson Collection: pre-1960 ephemera Oxford Almanacs

Indexed by JAL 08/11

Note:

This index has been compiled from annotations to Petter, Helen Mary. *The Oxford Almanacs*. Oxford 1974. This volume contains references to all Bodleian holdings of Oxford almanacs to 1815.

Oxford almanacs in the John Johnson Collection are split between planchests and Oxford folders. Copies in these folders are usually wanting the almanack (i.e. have the illustration only).
