

Introduction to literature searching:

iSkills workbook for MSD students & researchers

Search tools: [Subscription resources](#)

Books & Journals

- Search via [SOLO](#) – access with your Oxford SSO
- How to search for books & journals - [SOLO: Top tips](#)

Bibliographic databases – Health Care

For a complete list see [Databases A-Z](#) (Subject: Medical Science) - access with your Oxford SSO

- General health & medicine – use Medline, Embase...
- Multidisciplinary – use Scopus, Web of Science Core Collection...
- Nursing & allied health – use AMED, CINAHL...
- Population health – Global Health...
- Psychology & Psychiatry – use PsycINFO...

For advice on choosing appropriate databases to search for you review, just contact your [outreach or subject librarian](#)

Search tools: **Freely available resources**

Bibliographic databases

- [Cochrane Library](#) – for systematic reviews and trials
- [Global Index Medicus](#) - for research from LMICs
- [PubMed](#) – for general health & medicine

Evidence gateways for health care

- [Epistemonikos](#)
- [NICE Evidence Search](#)
- [TRIP database](#)

Full-text databases

- [Europe PMC](#) - for general health & medicine
- [Google Scholar](#) – multi-disciplinary
- [LENS.org](#) – multi-disciplinary
- [PubMed Central](#) - for general health & medicine

Preprint archives

- [bioRxiv](#) - biology
- [medRxiv](#) – health sciences

Preprints also included in Europe PMC and Google Scholar – see links above

Trial registers

- [ClinicalTrial.gov](#)
- [WHO ICTRP](#)

Trial protocols also included in Cochrane Library – see links above
