

## **JOHN JOHNSON COLLECTION OXFORD UNIVERSITY SOCIETY HOLDINGS IN THE JOHN JOHNSON COLLECTION**

The following list of holdings gives years for which material is held. It should not be inferred that the runs within those years are complete. For current Societies, material is being collected annually at Freshers' Fair, and societies are encouraged to send everything produced by them throughout the year. We are dependent upon the goodwill of the society, and thus holdings will not necessarily be complete, even for recent years. The last date for current societies is followed by a double dash, to allow for congregations beyond the date of this list (2015).

Term cards and other non-confidential material have been incorporated into the John Johnson Collection from the University Archives, but correspondence is still held by the University Archive. A list of Societies for which correspondence is held is available in the Rare Books and manuscripts Reading Room, Weston Library, and from the Archivist, from whom permission should be sought (and may be withheld) to view it. There is a further sequence of material in the Department of Western Manuscripts, mainly consisting of Minute Books and Correspondence. A list is available.

Readers are also referred to Cordeaux and Merry's excellent *Bibliography of the University of Oxford* for references to O.U. Society materials held at various Bodleian shelfmarks (see under Oxford University Society in the index).

Please note also that O.U. Theatre posters and programmes are kept in a separate sequence of Oxford Theatre material in the John Johnson Collection, and that O.U. Concert posters and programmes are kept by date in the Music Room (any such material received by the John Johnson Collection will have been passed to the Music Room). The general workings of Theatre and Music Societies (such as introductory matter distributed at Freshers' Fair, advertisements of auditions etc.) will be kept in the O.U. Societies sequence in Johnson. Similarly, while leaflets advertising journals will be kept in JJ, the journal itself will have been passed to English Accessions for cataloguing. Journals include any serial, so numbered or dated Society newsletters will also be catalogued. It is intended that this list will eventually include the shelfmarks of such catalogued materials. Meanwhile readers researching a Society should consult SOLO.
