

John Johnson Collection: pre-1960 ephemera Scientific Instruments

This section has not been catalogued or digitised, with the exception of box 5. Records for these two items are in our [online catalogue](#). Images are available through [The John Johnson Collection: an archive of printed ephemera](#) (ProQuest)

Extent: 5 boxes

Box 1

Acoustic Instruments (by manufacturer) **(1) – (4)**
Astronomical Instruments **(5) – (6)**
Barometers (by manufacturer) **(7) – (13)**
Biophulax life and property protector **(14)**
Camera Obscura (by manufacturer) **(15)**
Diving Apparatus (by manufacturer) **(16) – (18)**
Electrical, electro-magnetic and pyro-pneumatics (by product and then manufacturer) **(19) – (25)**
Hydrostatics **(26)**
Kaleidoscopes **(27) – (28)**
Meteorological and weather monitoring instruments (by manufacturer) **(29) – (37)**

Box 2

Microscopes (by manufacturer) **(1) – (13)**
Microscopes (Exhibitions by date) **(14) – (24)**
Microscopes (Misc.) **(25) – (30)**
Ordnance and the Great Cylinder in the Pantheon **(31) – (32)**
Orreries **(33) – (36)**
Pedometers and Measuring Instruments **(37) – (41)**
Perpetual Motion Machines **(42)**

Box 3

Planispheres and Globes (by manufacturer) **(1) – (11)**
Stereoscopes (by manufacturer) **(12)**
Spectacles and Optical Instruments (by manufacturer) **(13) – (35)**
Sun Dials (by manufacturer) **(36) – (48)**
Telescopes (by manufacturer) **(49) – (58)**
Thermometers (by manufacturer) **(59) – (65)**
Miscellaneous **(66) – (67)**

Box 4

General Scientific Instruments (1) - (17)

Box 5 (2 items, each in a separate box)

General Scientific Instruments

Cambridge Instruments (1a - f)

John Griffin and Sons, Chemical and Philosophical Instrument Makers (2)
