Purpose of this guide

This guide is intended for students and researchers studying Slavonic and East European Studies at the University of Oxford, although students and researchers from any field may find it useful.

The ongoing war in Ukraine means that some of the sources we indicate here may cause offence or distress. As the [Collection Management Policy](#) explains, our purpose is to provide the material our users need - whether or not this material accords with the convictions of staff members. We remind users to attend to their [wellbeing](#), as they pursue their study of this region - and to address any questions or concerns to Eleanor Peers, the Subject Consultant.

Summary: getting hold of the book you need

1. Look for copies in your subject library and college library which show both 'Item in place' and 'Loanable'
2. If there are none, click 'Request' and look for a "Borrow From" option in the list of delivery locations
3. If there are no In Place items and no Borrow From options, then it is likely the only copy available to you is a copy from offsite storage
