BODLEIAN LIBRARIES
READING ROOM
WIRELESS SERVICE

Welcome to the Bodleian Libraries Reading Room Network Service

Please log on using your "patron barcode", that is the number written immediately above the barcode on your Reader Card (University Card for University members) and your OLIS patron password. This will authorise you to use the network service to access library resources and the wider internet outside Oxford. The system will remember that your laptop or PDA has been authorised for an hour after you have last been active. After that time, you will have to log on again.

Barcode:

Password:

If you do not know your password, it may still be set to its default value. For cards issued in the last few years, the default password is your date of birth in the form 01JAN1970. Older cards were issued with the password set to the barcode number. **If your password is set to be the same as your barcode, the system will not accept it and you must reset it**, which you can do through the "Patron Functions" section of OLIS.

For this purpose, OLIS can be accessed [here](#). Note that it takes around five minutes for a changed password to be passed to the network service, in which time you may not be able to log on.

If you have forgotten your password then you should ask library staff. The library staff at any of the OLIS libraries at which you are a member will be able to reset your password for you.

If you are a member of the University, you can use your VPN client now to bypass this log in process.

Username:

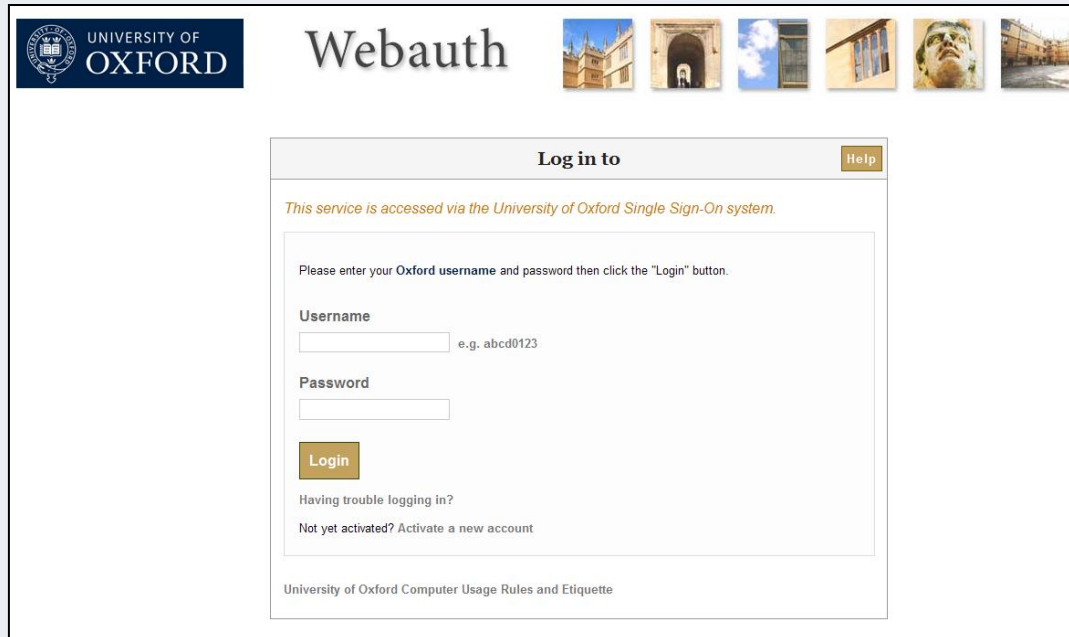

Barcode on your Bodleian card

Password: Set your password at:

<https://register.bodleian.ox.ac.uk/>

Needs to be done before visiting the library

Logging in to Services – Single Sign On (2)

The screenshot shows the 'Webauth' login interface for the University of Oxford. At the top left is the University of Oxford logo. To its right is the word 'Webauth' in a serif font, followed by a row of six small square images depicting various Oxford landmarks. Below this is a 'Log in to' header with a 'Help' button. A message states: 'This service is accessed via the University of Oxford Single Sign-On system.' The main login area contains the instruction: 'Please enter your Oxford username and password then click the "Login" button.' It features a 'Username' label, a text input field with a placeholder 'e.g. abcd0123', a 'Password' label, and another text input field. A 'Login' button is positioned below the password field. At the bottom of the login area, there are links for 'Having trouble logging in?' and 'Not yet activated? Activate a new account'. The footer of the page reads 'University of Oxford Computer Usage Rules and Etiquette'.

Summary: getting hold of the book you need

1. Look for copies in your subject library and college library which show both 'Item in place' and 'Loanable'
2. If there are none, click 'Request' and look for a "Borrow From" option in the list of delivery locations
3. If there are no In Place items and no Borrow From options, then it is likely the only copy available to you is a copy from offsite storage

SOLO – Help (1)

The screenshot shows the SOLO search interface. The top navigation bar is dark blue and contains the SOLO logo, the University of Oxford crest, and links for NEW SEARCH, BROWSE, MAP SEARCH, HELP (highlighted with a white circle), and TAGS. On the right side of the navigation bar are icons for a clock, a pin, and a SIGN IN link. Below the navigation bar is a large banner with a map background and the text "DISCOVER THE UNIVERSITY OF OXFORD'S WORLD-CLASS LIBRARY RESOURCES". A search bar is positioned below the banner, with the placeholder text "Enter your search here" and a "Search Everything" dropdown menu. To the right of the search bar is an "ADVANCED SEARCH" button. A red box highlights a "Bodleian Live Chat" widget on the right side of the page. The widget has a vertical "LIVE CHAT" label on its left side. The chat window itself has a title "Bodleian Live Chat" with a green status indicator, the Bodleian Libraries logo, and a text input area with the placeholder "Type here to chat. Purpose of this guide

This guide is intended for students and researchers studying Internet Studies at the University of Oxford, although students and researchers from any field may find it useful.

Use this guide to find out about books and online resources for Internet Studies, including ebooks, ejournals and bibliographic databases.

Finding books for Internet Studies

Oxford has a wide range of ebooks for Internet Studies and printed books, including the [main science collection in the [Social Science Library](#). For more detailed info about our book collections visit our [books page](#) of this guide.

- [SOLO](#)
Search SOLO, the University's resource discovery tool, for print and ebooks at Oxford. You can search by author, title or subject and limit to a specific library or online resources.
- [SOLO user guide](#)
If you need help with SOLO, take a look at this guide for tips on searching, managing results and using your SOLO account.

Key databases

Oxford subscribes to many bibliographic databases. They can be used to locate journal articles, conference proceedings, books, patents, images, data and more. You can find some of the key databases for Internet Studies below, but take a look at the [journals page](#) and other pages of this guide for more titles.
