

John Johnson Collection Tickets

Index created 20/03/92, revised by JAL Jan 2022.

In sorting this material, it was evident that the section contained Invitations as well as Tickets: sometimes, indeed, the two are synonymous. In order to retain the original boxes and, as far as possible, the arrangement of the section, it has been decided not to divide Invitations from Tickets, except where a separate section already existed: i.e.

Invitations: Academic
 City Companies
 Marriage
 Private, at homes

There are two sequences of Tickets: numbered boxes (arranged alphabetically, as far as possible) and a sequence where the subject appears on the spine of the box. These are cross-referenced in this index, and a list of the subjects also appears after Box 14.

This material has not been catalogued or digitised, with the exception of some 18th century Entertainment tickets and selected 19th century concerts tickets 6. These tickets are available through our Online catalogue: <https://allegro.bodleian.ox.ac.uk/johnson/>, through Digital Bodleian for the 18th century <https://digital.bodleian.ox.ac.uk> and through ProQuest's The John Johnson Collection: an archive of printed ephemera: <http://johnjohnson.chadwyck.co.uk/> for the 19th.

Extent: 15 numbered boxes, 25 subject boxes
